PROPOSED NEW HOUSING DEVELOPMENT AT RIVERSIDE PLACE

WHAT IS PROPOSED?

The proposals involve the creation of 90 new town centre amenity homes for South Ayrshire Housing for social rent.

WE WANT TO:

Create a modern housing development that is a nice place for people to live.

Design modern homes that work well for the people who live in them.

Create a better connection to the riverfront with walkways through the site to the river path.

Create a more contextually appropriate scheme that suits its surroundings and responds to the character along the river.

Provide green spaces and pedestrian routes that promote healthy lifestyle choices.

Improve an already thriving community.

Design a scheme that we can afford to build.
